ANOTHER OWOSSO CASE.

It Proves That There's a Way Out for Many Suffering Owosso Folks.

Just another report of a case in Owosso. Another typical case. Kidney ailments relieved in Owosso with Doan's Kidney Pills.

S. Ketchum, 1116 Linn St., Owosso, Mich., says: "I had attacks of backache and although I was never obliged to stop work, I was caused annoyance. Doan's Kidney Pills were finally brought to my attention, and I procured a supply at Hoffman Bros. drug store. They brought me prompt relief and before long removed the trouble. Since Doan's Kidney Pills cured me of kidney trouble some years ago I have had but little trouble from my kidneys. I willingly confirm my former endorsement of this remedy."

The above statement must carry conviction to the mind of every reader. Don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills—the same that Mr. Ketchum had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y.

MEDIATORS TO MEET IN CANADA

Parleys Over Mexico Will Be Taken up May 18.

NIAGARA FALLS MEETING PLACE

Funston and Naval Officers Urge March on Huerta—11,000 Troops Ready to Embark—Military and Naval Men Devise Striking Blow Before Huerta Further Prepares.

Washington, May 6.—Secretary Bryan announces that Niagara Falls, Canada, has been chosen as the city where the mediation conferences will be held and that the conferences will begin May 18.

Despite this assurance of further parleys, the feeling is strong that peace between the United States and Mexico is an impossibility. War or peace with Mexico admittedly hangs by a slender thread.

Brigadier General Funston from Vera Cruz has reported to the war department that increasingly large numbers of federal troops under General Mass are being massed between Vera Cruz and Mexico City.

Administration officials here frankly fear an attack upon Vera Cruz—the last attempt of Huerta to provoke invasion and unite Mexico against the United States under his standard. Should such an attack be made, it was predicted here that General Funston would be ordered to make an immediate advance, backed by marines and bluejackets.

Naval Men Favor Advance.

From an authentic source it was learned that the naval commanders as well as General Funston are urging that an advance of American troops be made on Mexico City at the earliest possible time.

Sufficient forces are not now in Mexico, according to Funston, to make an advance. The war department, however, it was ascertained, can start 16,000 men for Mexico within ten hours. These troops will be drawn from the Texas border, principally Galveston, where five transports are available; from New Orleans, Atlanta and Fortress Monroe, where ships are under option of the navy department.

Plan 11,000 Re-enforcements.

President Wilson and Secretary of State Bryan held a two-hour conference on the Mexican situation. At its close Secretary Bryan averred that the situation was still "hopeful." Plans of the general army staff calling for the immediate dispatch of 11,000 coast artillery and organized infantry to Vera Cruz are in President Wilson's hands.

Two More Sailors Die.

Washington, D. C., May 6.—Two of the sailors wounded at the occupation of Vera Cruz died here. They were Harry Pulliam, fireman, and Clarence B. Hirschberger, seaman, both of the battleship Utah.

LINCOLN TABLET IS REFUSED

Sabbath Alliance Fails to Establish Authenticity of Alleged Expression.

Springfield, Ill., May 6.—The privilege of placing a brass tablet bearing the inscription of words which Lincoln was believed to have uttered in the Lincoln homestead was denied the Woman's National Sabbath Alliance by the board of trustees of the home, including Governor Dunne, Secretary of State Woods, Auditor Brady, Treasurer Ryan and State Superintendent Blair.

Permission was refused when the authenticity of the expression could not be verified. The words as they were intended to be posted are: "As we keep or break the Sabbath day we nobly save or meanly lose the last best hope by which man rises."

BUTT-MILLET MEMORIAL.

Fountain to Titanic Victims to Be Erected Near White House.

Plans will be completed in the near future for the dedication of a fountain erected south of the White House in honor of the memories of Major Archibald W. Butt, former White House military attaché, and Francis D. Millet, painter and author, who lost their lives in the Titanic disaster early in 1912. Announcement of the completion of the fountain has just been made in Washington. Former President Taft is chairman of the committee which raised the fund for the erection.

The fountain is small, but artistic. It includes a large bowl of Tennessee marble, from the center of which rises a shaft to the height of twelve feet. The water is thrown aloft from four globes, brimming over the sides of the bowl in a cascade.

International Suffrage Club Forming. Plans have just been launched in Washington for the formation of an international woman suffrage club, to be run along strictly social lines and to include people in favor of votes for women from all countries. Similar organizations exist in London and other large capitals. The plans are expected to take definite shape in the near future.

LINER SAVES 13 FROM SHIP FIRE

Forty-Seven Missing from Vessel Which Burned.

COLUMBIAN IS THE SHIP LOST

Franconia Picks Up Boat from Doomed Craft Wrecked by Explosion and Flames—Wireless Is Torn Away by Blast Before Operator Is Able to Give Vessel's Name.

Halifax, N. S., May 6.—Forty hours after explosion and fire drove them to the lifeboats for safety, thirteen members of the crew of the Leyland liner Columbian were rescued by the Cunarder Franconia about 600 miles off Halifax.

All were terribly exhausted from their frightful experience. The ordeal proved too much for one of them, Chief Steward Mathews, who died in the boat from exposure.

From latest advices, at least one more boat, containing nineteen men, is still missing and the Franconia is continuing her search for it. There is some mystery as to the remainder of the crew, for none of the messages received here accounted for Captain MacDonald, the third and fourth officer, any of the engineers and eight or ten more members of the Columbian company.

The first official report of the disaster, which was concluded in mystery by smoke and flames even after the Seydlitz found the burning ship, was received in the following wireless from the Franconia:

Ship was burned off Sable Island was the Columbian, from Antwerp to Boston.

A series of explosions occurred aboard the Columbian on Sunday night following the outbreak of the fire.

Explosions so terrible they carried away the funnel and the foremast. Later the wireless apparatus was destroyed.

Only part of the call for assistance had been sent when the radio was carried away. The wireless operator was thereafter helpless to summon aid.

"Hurry up, we are on fire!" was the extent of the message that the operator was able to send.

When it was seen it would be impossible to check fire boats were launched. The first and second officers, with seventeen men, went in one boat. Thirteen more men took to another boat.

Later was picked up by the Franconia. In this boat was the chief steward of the Columbian, who died after he had been taken aboard the Franconia.

FEELS LIKE A NEW WOMAN

As Lydia E. Pinkham's Vegetable Compound Dispelled Backache, Headaches and Dizziness.

Piqua, Ohio.—"I would be very ungrateful if I failed to give Lydia E. Pinkham's Vegetable Compound the praise it deserves, for I have taken it at different times and it always relieved me when other medicines failed, and when I hear a woman complain I always recommend it. Last winter I was attacked with a severe case of organic weakness. I had backache, pains in my hips and over my kidneys, headache, dizziness, lassitude, had no energy, limbs ached and I was always tired. I was hardly able to do my housework. I had taken Lydia E. Pinkham's Vegetable Compound on one other occasion, and it had helped me so I took it again and it has built me up, until now I feel like a new woman. You have my hearty consent to use my name and testimonial in any way and I hope it will benefit suffering women."—Mrs. ORPHEA TURNER, 431 S. Wayne St., Piqua, Ohio.

Women who are suffering from these distressing ills peculiar to their sex should not doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you want special advice write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Keep the Bacon at Home

Remember when Jack Johnson, the black man, bruised Jim Jeffries at Reno? He wired his mother, "I'm bringing home the bacon." In this case "the bacon" was a large bunch of money.

It is a wise plan to keep the bacon at home. Money in circulation around home is much more useful to yourself and your community than it is if it circulates at a distance.

This is merely a hint in favor of Home Trade against the Mail Order habit.
